

## **Sunday School Boxes for parishes in the Council of the North**

Over time there have been a number of Sunday Schools and parishes that have wanted to support their sisters and brothers living in northern parishes. One of the ways that they have come up with is to collect craft supplies for northern Sunday Schools. They have done this by fundraising or by directly collecting the supplies needed for the boxes. An example of how this project expanded beyond one parish can be found [here](#) on the diocese of Ottawa's website. If you are interested in doing something similar in your parish or with your Sunday School community then please contact [Fiona Brownlee](#), Communications Officer for the Council of the North, and she will link you up with a parish in a northern community. Below there is a list of craft supplies that have been identified as being most useful in northern communities.
