

The current issue of "Modern Believing" (vol. 55, No. 2, 2014) contains everything I would like to include in a submission. I would hope members of the commission would read the articles. I am in favor of changing the Marriage Canon to be inclusive regardless of gender. I have talked to many GLBTQ persons who have felt excluded and personally diminished by the Church because of their sexuality.

Rev. Canon John C. Smith
Cathedral Church of All Saints
Diocese of NS and PEI
