**To the Commission of Marriage Canon**

**I am against the idea of same sex marriage being condoned by the Anglican Church in Canada.**

**A decision to do so could result in a lot of distress and the loss of many active church members.**

**We could become even more out of sync with the World Wide Anglican Communion.**

**I have been a church going member of the Anglican Church in various countries for over 70 years. I have been blessed in marriage for over 55 years having three sons and seven grand children.**

**I am against the possibility of changing the Church's Canon over this issue.**

**Brian Jones  
Parish of St Mark Ocean Park, Surrey**
